From: Brad Callen
Indianapolis, IN

Dear Friend and Internet Entrepreneur,

You are standing on the cusp of a *breakthrough* in internet wealth creation!

Imagine...having the "God-like power" to know everything about ANY competitor including complete list of...

- All of their affiliates
- **All of their Adwords ads**
- All of their affiliates' ads
- **All of their most profitable keyword lists**
- And any organic keyword listings they have!

Impossible you say...? Not so!

...Because in only a matter of moments *you can* have the power to **triple your income from scratch**, by uncovering the secret inner-workings of *both* the top trafficked websites and the top affiliate marketers in the world!

But first, allow me to introduce myself...

Hi, my name is Brad Callen and I am the creator of 2 (*soon to be 3*) of the world's most powerful internet business software.

Like you, I was once a budding internet marketer, just looking for a way to use my talents on the internet and make money online. I did in fact find a way to do both of these and today I'm going to tell you about the one that is the greatest money-making "secret" online.

One that can catapult you into the ranks of the wealthy elite and give you they type of lifestyle you truly deserve. Don't worry, as you **keep reading** I'll tell you more about my discoveries too.

I don't want to keep you waiting because...

When you see what you now have the ability to do, it will **blow your mind** and make you question *each* and *every* possible **internet marketing** and money-making belief you have ever had.

...And *you will want to* humbly dismiss them all, as the *magnitude* of what I'll reveal today sinks *deep* into your mind.

Ever wonder how it is that others seem to just know what products to promote?

Read on, and you'll learn how to use and apply ~~the same~~ *better "secret weapons of massive income"* that top affiliates and website owners are using right now, to dominate their chosen markets and bring home fat checks and PayPal deposits.

Listen, I'm not one for the dramatics.

But, this is different!

Anyone who knows me will tell you, "*Brad is a reality based thinker*" -- and I don't get too excited about anything unless it has **serious potential** to make a dramatic difference in the lives of others.

What you are going to discover today will clearly define the path of affiliate marketing and selling products on the internet for years to come.

But why is this such a big deal? What does it have to do with you?

Good questions...

Here's why you have to know this...

- 
- According to a report "US Ecommerce Overview: 2004 to 2010" - Online sales will grow to a staggering \$331 Billion dollars by 2010.
 - **As of 2006 E-commerce sales in the U.S. alone were \$104 Billion - according to estimates by Plunkett Research, Ltd.**
 - "MarketingSherpa's research team has estimated that, in 2006, **affiliates worldwide earned \$6.5 billion in commissions**"...and that number will grow to staggering proportions in the years to come.

The best part is, most of that money will be made by small home based businesses like yours and mine.

We all want to make more money and live our lives at a higher standard...Right? So if you were starving and you knew where there were trees with low hanging fruit - would you hesitate to go and get it? **No you would you go after it immediately and without a second thought!**

Gone...are the days of big budget start-ups and hefty sums of pay per click advertising money to make it big online. I'm sure that you already know that the largest companies around are not the most profitable ones.

Sure...they look great on paper, with their impressive income statements, P&Ls and balance sheets but from my own research, there is no business in existence that is as profitable as affiliate marketing!

Affiliate marketing is **"The Ultimate Lifestyle Business."**

Honestly, if you met them, and didn't know who they were, you'd swear that some of the biggest affiliate marketers around were **gangsters and criminals!**

"Think about it...these affiliate marketers seem to do almost no work, so people see them enjoying themselves all the time, yet they sport expensive cars, luxurious homes, fancy clothes and they go on exotic vacations more than most millionaires do..."

Accident? I beg to differ. I'm one of those guys and I do work, I just work more efficiently! Things are changing in the information age. **Things are changing for YOU!**

Why do you think more people are making so much more money online these days, and they even have the audacity to show you proof? I'll tell you the answer *later*.

This is the *rise* of...

A Revolution In Internet Marketing!

Today, I'm going to introduce you to a software that has been in the making for well over a year.

It will quite frankly, amaze you and leave you damned near drooling at the mere prospect of what you can do with it once you **get your hands on this amazing software.**

If you'd like to unearth the best-kept secrets of super-successful affiliate marketers, website owners, and even *multi-million dollar companies*, keep your eyes glued to this page. You won't find this insider information anywhere else on the Web, Why? Because the internet marketing industry doesn't want you to find out. If everybody knew these secrets it would cost the industry millions of dollars in lost revenue!

Lucky for you, whoever sent you here, **really and truly** has your best interest at heart. Please be sure to thank them.

So...If you're ready to *transform* your life, multiply your business and kick some serious butt online then keep reading!

You see, *besides* having **2 of the longest running Top 10 Clickbank products around**, I'm an active affiliate marketer myself.

I'm not just tooting my own horn here, I'm being completely straight-forward with you. My software products have remained in the Top 10 at Clickbank largely because people are so *completely amazed* **by the quality** and capabilities they have...they happily tell others about them all the time.

Needless to say, I practice what I preach.

Anyway...Being the kind of guy I am, I like to dig and dabble into things that I probably sometimes shouldn't. It sure got me into a lot of trouble as a kid!
-- Haha!

But as you already know, it's sometimes hard not to want to discover what lurks within. You know, what makes things tick and in the case of internet business, what makes some people successful and others fall flat on their face.

Surprisingly, I used to think that most people just didn't work hard enough or efficiently enough at becoming successful online. But that's not entirely true!

It's not really their fault.

...Because soon after digging into affiliate marketing some years ago and lingering around in places that I care not to discuss, I realized that successful website owners and *successful affiliates have some secrets* that they never dared to tell anyone.

What should have been...

The Most 'Obvious Secret' Online

...Was actually a surprise to me.

So, like any responsible entrepreneur, I had to put what I discovered to the test.

And you know what?

It worked!

I found that if you could develop the strategies you'll soon discover in Affiliate Elite, you could dominate any niche online and never have to worry about competition!

But that wasn't enough, there was something *critical* missing.

I knew that if you wanted to build a business as fast and as easily as possible, you needed an advantage. ***You need a secret weapon.***

It had to be something unique. Something that was...

A Profit Boosting Tool In A HUGE and Growing Market...

Needless to say, the most rapidly growing market online besides Ecommerce itself is affiliate marketing. How else can they possibly sell all those products and services?

So the question became...

"WHAT is a beginner or veteran marketer to do in the face of seemingly insurmountable odds? How can you find and research all of this critical information, without losing your mind, especially if you have either a job (yuck) or a business that demands all your time (double yuck)?"

Then it struck me like a bolt of lightning, electrifying my body as the vibration from the energy of the idea - coursed through my pulsating veins!

Yeah... like I said, "I don't get too excited about stuff online but, **this is different!**"

The idea was to... **Do what the military would do to win any battle.**

Of course...! They would gather not just one, but every piece of critical data on their enemy that they can get their hands on whether it was through covert ops, through secret satellite images or paying off informants.

Whatever they can get...

Then they sort through that information using only the best military minds, and I have access to some of those, and develop a killer strategy that ensures **a quick and decisive victory!**

THAT my friend is what Affiliate Elite is all about in a nutshell!

Anyone Can Apply These Covert Military Tactics and *Explode* Their Income...

Make no mistake...Affiliate Elite only looks very humble. Kind of like a soldier. They look like ordinary people, except these men and women can rip your head off in a fight with their bare hands as easily as drinking a cup of coffee and reading the paper.

Now, listen to this very carefully:

Affiliate Elite will undoubtedly become the #1 choice of every affiliate marketer in existence once the news about it spreads...

...and on the internet *that* happens FAST!

This is not just my opinion.

Take a look at what others are *already* saying...

You Get 4 Incredible Software Products Rolled Up Into One *Simple-To-Use* Tool...

Here's A Quick List of the Projects You Get In Affiliate Elite...

2. **Project #2 - Reverse Google Search** - Simply type in any website and you'll immediately reveal their closely-guarded keyword lists (including ads and links) and what keywords they are listed on Google's organic results for.
3. **Project #3 - Analyze Adwords Competition** - Quickly take your new keyword list, pull out the best keywords, run this project, and watch in amazement as Affiliate Elite finds all of the advertisers, their ads and their landing pages for each keyword you request.
4. **Project #4 - Find Super Affiliates** - Use the Merchant IDs of the top websites for your niche found in Project #1 and find out who their affiliates are...with their contact information. We're talking ALL of them!

*Simply put... **"God-like POWER!"***

Okay Brad, So What's The Price For All This Power...My Soul?

It's pretty funny but, that's what most people think whenever I come out with a **cutting-edge new software product.**

Fact is, for what you get with Affiliate Elite...the price could become unaffordable very, very fast. There are quite a few BIG companies out there that would love to get their "greedy little hands" on every piece of software I create and *they would pay me major bucks for it!*

...But, that's not how I do business.

I'm for the 'little-guy' - the men and women that are out there just like I was, struggling to make a difference in their lives and the lives of their families.

I'm here for YOU!

It's been my life-long passion is to use my talents for creating tools to help *others* - **just like you** - achieve success.

To be honest, a software like this (*as if anything can even come close by a long-shot*) can cost anywhere from a conservative **\$997 to as much as \$2,500.**

Why?

That's because Affiliate Elite is actually **4 Software Programs In ONE!** *I just call them projects to keep it simple, because that's what it is...simple.*

When I thought about it each of these are conservatively worth as much as \$497 each.

...Which brings the cost up to a staggering **\$1,988 for such incredible power** -- and there are quite a few aggressive affiliate marketers and website owners out there that would snatch up this software and laugh at how cheap the price was.

But as you know, I'm no fool and I know that you cant 'truly' help regular people with a price like that.

So after much deliberation and considering all of the costs to maintain this software, **constantly improving it** (*which is what made me famous*) and making sure it keeps blowing every other software out of the water, I decided that the rock-bottom investment will only be a **\$167 setup fee** and then a **small \$27 per month** gateway fee thereafter.

Limited Availability

Due to the powerful nature of this product I will either have to limit the size and quantity of my membership OR increase the maintenance fee to \$77 a month or more.

FACT: My 'so-called' competitors charge about \$90 a month for only 20% of what Affiliate Elite can do. So you know this is going to take the world by storm!

If you were to compare that to any other software, you will soon find out that their monthly fees are triple and they can't even do half as much as what Affiliate Elite can do in a flash!

So why pay more for less than half of what you need?

Just in case you're wondering - Here's how Affiliate Elite stacks up against the competition...

Features:	AffiliateElite	X Ray Domination	Undercover Profits	Google Cash Detective
Price	\$167 + \$27/month	\$1,500	\$291/Month (\$3,492/Year)	\$497 + \$97/month
Finds Lists Of Affiliates	YES!	NO	NO	NO
Reverse Google Search	YES!	NO	NO	NO
Spies On Pay Per Click Campaigns	YES!	NO	YES!	YES!
Compares Clickbank And Paydotcom Products	YES!	NO	NO	NO

Why the monthly fee Brad???

I knew you were thinking that!

Let me explain...

The thing is, in the past, I was able to provide **lifetime upgrades** and support for my software because, things were not so secretive...as they are now. Meaning, before today, I was able to make my software work without the help of too many technical people, hardware and software.

Not any more! Even with my **2 best selling software**, I now have to dish out some serious amounts of money to support them, keep them updated and keep in mind I have to pay my affiliates too.

With Affiliate Elite you get even more! Why? Because these 4 incredibly powerful projects, that seem to operate as one on your computer, actually behind the scenes I have people, hardware and a host of secret partners - who also have costs - that covertly get this information back to you the end user...and **it seems almost instantly!**

You see what I mean? With everything you have *working for you* behind the scenes it's no wonder this is such a powerful software.

But remember, you can **lock in the lowest rate** by acting today. Not only that but...

You Can Profit Immediately...Well, Almost!

What this all boils down to is this...

You want to make a profit and you want to make it fast, Right? Well, if I knew you personally I could tell you how fast you could make a profit, but since I honestly don't here's a ballpark figure...

Between the time it takes to download and install this software - and you'll get Instant Access to it - research an affiliate product and outwit your competition - then watch your clicks and conversion...

That's as long as it will take. For some it could be less than an hour to see money come in, for others...24 hours...just a day. But the truth of the matter is, what difference does it make?

You have a tool that empowers you with information in seconds, that used to take days or months to uncover before!

Listen, I'm not jsut hitting you with a bunch of fluff here...I'm being dead serious!

Like any of my other software products...
